- I was extremely happy with all the five TAs of CSE 101 during Winter 2020. They were extremely professional. They completed grading on time, addressed regrading issues with patience, held regular office hours, held discussion sessions, and answered queries on Piazza. As a senior most TA, Michael took upon himself to shoulder responsibility of making sure that the course was conducted smoothly. He even conducted a review session with the help of other TAs and was patient in helping the students. It was a pleasure to work with a TA like Michael and I highly recommend him as a TA for any other course.
